

GET THE HELP YOU NEED TODAY!

The first thing is to make an appointment to visit of our office. During the appointment, we will explain in detail how our service works, and a credit report will be pulled and evaluated by a Certified Credit Counselor. If you are unable to visit our office, appointments can be done by phone.

We will begin our process. The Best Credit Group deals with the credit bureaus on your behalf so you can sit back and relax.

In 30-45 days, each credit bureau will notify you by mail, showing you exactly what changes were made to your reports, and which items were deleted from your reports. We ask that you contact us after they notify you.

You may set another appointment to discuss your paper work, or just simply mail it to our office. Once we receive it, we will contact you to discuss these changes and the next step.

The process of improving your scores is not an overnight thing. Yes, you will see a significant improvement in the first **30-45** days but, if additional work is needed, no problem. We will take care of it for you.

THE BEST CREDIT GROUP

The Best Credit Group has been helping to improve credit scores since 2005. The company is registered with the State of Louisiana and is licensed, bonded, and insured by the State of Louisiana Attorney General's Office. We are members of the Realtor Association of Acadiana, the National Association of Realtors, and the National Association of Certified Credit Counselors. We believe that everyone should be able to experience the very best in life. We also understand the importance of having and maintaining high credit scores. That's the reason we work hard for our clients, fighting with the Credit Bureaus on their behalf, and making sure that they understand credit and how it works.

Since 2005, we've helped thousands of people change their lives by helping them to get rid of their credit problems, and increase their credit scores.

Experienced & Established

Finding a Credit Counseling Company to help you with your credit is very important. The Best Credit Group is one that is established. We are not the kind of company that you see one day, and the next day they are gone, and are constantly changing phone numbers. We are proud to say that we have been in the same location, and has had the same phone numbers since January 2005.

STOP GETTING DENIED

INCREASE YOUR CREDIT SCORES

The Best Credit Group offers a service that is designed to improve credit scores by helping to remove bad or negative information off of the credit reports. This service is made possible by the Fair Credit Reporting Act, which give consumers the right to challenge or dispute information on their credit reports. This law also gives the Credit Bureaus the right to make changes, corrections, and to remove information from credit reports. So, you do have a right to improve your credit scores. It's no magic trick, it's just the law.

We deal directly with all three major Credit Bureaus, (Experian, Trans Union, & Equifax). Every negative account on the reports will be addressed.

We have complete knowledge and understanding of the Fair Credit Reporting Act (FCRA), Fair Debt Collections Practices Act (FDCPA), and the Fair Credit Billing Act (FCBA). With this knowledge, we are able to deal with the Credit Bureaus, as well as your creditors in the most effective way, achieving the very best results.

Our process usually takes **30-45 days** to begin to see changes and improvements on the credit reports as well as the scores.
